Education Visits	<p>Obviously, a half-term visit to France or a French-speaking location would be ideal for practicing the language learned in the classroom.</p> <p>Closer to home, can you find a French-style patisserie (pastry shop or bakery) that is known for being traditional? Can you try a croissant? Or are you brave enough to try baking your own macarons?</p>		
Research Projects	<p>Research a French-speaking country or region, and produce a fact-sheet about it. Can you include details about its geography, its history, its food, its major town/cities and any notable people?</p>	<p>Plan a 3-week trip to a French-speaking country. Which places would you visit? How would you travel around the region? Where would you stay? How much would it cost you?</p>	<p>Research how young people in France (or another French-speaking country of your choosing) spend their free time. What are the most popular activities? Is that similar to here in the UK?</p>
