Education Visits	Obviously, a half-term visit to Spain or a Spanish-speaking location would be ideal for practicing the language learned in the classroom. Closer to home, the Cervantes Theatre in London performs Spanish and Latin American plays, with some performances in Spanish and some in English.		
Research Projects	Research a Spanish-speaking country or region, and produce a fact-sheet about it. Can you include details about its geography, its history, its food, its major town/cities and any notable people?	Plan a 3-week trip to Latin America. Which places would you visit? How would you travel around the region? Where would you stay? How much would it cost you?	Research how young people in Spain (or another Spanish-speaking country of your choosing) spend their free time. What are the most popular activities? Is that similar to here in the UK?
