

Year 10 & 11 Revision Support

	<u>Years 9, 10 and 11</u>		
	<u>18.00 - 19.00</u>		
Monday	Tuesday	Wednesday	Thursday
Science	Maths	English	Geography and Spanish

The Get Ahead programme provides **free** online and interactive tutoring sessions with qualified teachers working across Bridgwater and Taunton College Trust. We are here Monday to Thursday to help you catch up, keep up and get ahead with your learning.

Join us for extra learning opportunities in a variety of subjects and you will benefit from expert tuition covering essential curriculum knowledge and skills required for progress in the subjects. This is a fantastic opportunity to build your confidence, improve your understanding and raise your attainment.

All sessions are available to everyone. Whilst they are targeted towards specific year groups, you may join any session of any level, whether you want to go back over the basics, keep up with current schoolwork or to stretch yourself and get ahead with something new. [Click here for the timetable](#) of sessions available this year.

Sessions are run online as live Microsoft Teams events and we encourage you to interact with us by typing your questions via the Q&A 'chat' feature. All sessions are recorded and may be viewed at different times using the same links, although live interaction is not possible on recordings. Please [click here for more details on how to join a live session](#).

If you would like notifications to remind you of the session times, please download our app and sign up for the sessions you would like to attend. We will send a reminder to your phone 15 minutes before a session starts. [Click here for details about the Get Ahead app](#).

We look forward to you joining us this term.
